

Take Control of Your Global Travel Spending with Diners Club®

Diners Club serves your organization and employees with a full set of resources to meet their expected and unexpected needs. Through a single agreement with Diners Club, the expenses for your travelers around the world are consolidated to provide you with the information and tools you need to strengthen vendor negotiations, improve travel policy compliance, increase control and reduce your travel spending.

The Diners Club difference is a globally managed program with global pricing, yet administered at the country level. The result is consistent service around the world combined with the unique ability to respond to local situations that arise during the course of international business. Your expected — and unexpected — needs are always met.
