

COMPANY PROFILE

About Diners Club International Ltd.

Established in 1950, Diners Club International® became the first multi-purpose charge card in the world, launching a financial revolution in how consumers and companies pay for products and services. Today, Diners Club® is a globally-recognized brand serving the payment needs of select and affluent consumers, offering access to nearly 1,300 airport lounges worldwide, and providing corporations and small business owners with a complete array of expense management solutions. With acceptance in 200+ countries and territories, millions of merchant locations and access to nearly 1.2 million cash access locations and ATMs, Diners Club, as a part of the Discover® Global Network, is uniquely qualified to serve its Clubmembers all over the world. Diners Club International is a wholly owned subsidiary of Discover Financial Services (NYSE: DFS), a direct banking and payment services company with one of the most recognized brands in U.S. financial services.

HISTORY

Diners Club began its proud history in 1950, all because a man named Frank McNamara had dinner in a New York restaurant but left his cash in another suit, leaving him unable to pay the bill without his wife having to bail him out. He resolved never to be embarrassed again and founded Diners Club.
